To: Knightsen CSD board members,

I am reading the agenda for the Oct. 6th meeting and in preparation for the meeting, would like to request the records of **correspondence "J" 9/2/22, 9/7/22, 9/8/22, 9/9/22, 9/11/22 & 9/12/22, emails from/to Lela Jones, County Environmental Health, re: complaint filed with Environmental Health by someone apparently impersonating the District.**

Thank you

Respectfully,

Carolynne Steen

Good Morning Lela,

Thank you for sending me the entire complaint. The IP address is registered to Zscaler which is a company that allows employees to work remotely. As a result, trying to identify the individual that is sending complaints to Environmental Health and impersonating the Knightsen Town Community Services District is not going to be easy to determine.

That being said, I am assuming the "Name" field in the complaint was typed in as "Confidential" by the impersonator? If you or your department continue to receive any more of these complaints listing our district as the name or email address, please forward them to me.

Thank you again for bringing this to our district's attention.
Trish Bello-Kunkel, Chairperson
Knightsen Town Community Services District (KTCSD)

This one is weird. They made it look like it came from you guys. Since there is no info, I'm going to ignore it.

Lela, Can you provide me with more detail? Our district has no idea what this email is referring to and how to respond.
